

WATCHDOG^{NXT} 120/120c

How to Remove the Filters

1. Lift off the filter door.

2. Slide out the MERV-10 filter and set it aside (MERV-10 filters come standard on the dehumidifier but you may have a carbon filter or HEPA filter).

3. Slide out the pre-filter and set it aside.

4. Wash or replace filters, as necessary.

Pre-Filter	Vacuum or wash with warm water
MERV-10	Replace as needed
Carbon	Replace as needed
HEPA	Replace as needed
